El-Ad National Properties, an Elad Group company, has announced the release of its expansive, fully furnished Golf Villa model residence for \$4.7 million at **ALINA Residences**, a world-class residential destination in the heart of Boca Raton.

The newly unveiled 3-bedroom/3.5-bathroom model – Golf Villa 107, part of phase one of ALINA Residences – boasts a light-filled great room, soaring ceilings and floor-to-ceiling glass doors that open to an expansive terrace alongside the iconic Boca Raton Resort and Club Golf Course. The residence offers 3,443 square feet of interior space and 2,704 square feet of beautiful outdoor space – giving the feel of a single-family home. Villa 107 is ideal for those with pets who prefer living on the ground floor within walking distance to downtown Boca Raton’s restaurants, art galleries, salons, and boutiques, as well as a few minutes away from the neighborhood’s iconic beaches and pristine parks.

Interiors feature designer Scavolini kitchens with high-performance appliances, spa-inspired bathrooms with rain showers and soaking tubs, private and semi-private elevator access, and elegant organic craftsmanship throughout.

Due to worldwide supply chain disruptions, fully furnished models are even more valuable now, as buyers can avoid waiting months for furniture, decorations and more to be delivered. This is the third fully furnished model residence completed for ALINA Residences featuring contemporary interior design work from Palm Beach Gardens-based The Decorators Unlimited. The first two fully furnished models were contracted for purchase before completion. This new, exquisite residence is expected to move off the market quickly.

Villa 107 is a turn-key unit that is ready for its buyer to move in at any time to begin experiencing the convenience of world-class amenities and concierge services, while also enjoying the total privacy, relaxation and tranquility of the first-floor home.

“Our new, fully furnished model residence is anything but typical,” said Noam Ziv, CEO of El-Ad National Properties. “It’s expansive outdoor terrace on the ground level gives the feel of a single-family home. Professionally designed and decorated, Villa 107 is truly an exquisite residence and is ideal for buyers looking for a turn-key unit.”

This available villa is part of phase one of ALINA Residences, completed in March 2021 as a nine-story, 121-residence building. There are less than 7 remaining move-in ready residences. El-Ad National Properties plans for more villas in phase two. Phase two is expected to break ground in spring 2022. This final phase includes two nine-story residential buildings (ALINA 210 and ALINA 220), which will complete the entire project.

With presence in 10 states and a well-diversified portfolio of multi-family and garden-style properties, El-Ad National Properties is leaving its footprint on South Florida. By expeditiously seizing opportunities, El-Ad National Properties has earned a sterling reputation as an agile, entrepreneurial company with high expectations and solid values, a philosophy shared by all employees.
